

PASSION

Passion is a sturdy full grain leather made out of the best European bull hides and is characterised by its natural milling grain and nice aniline touch. The leather has been processed with a minimum of interference to the original product which allows a comfortable temperate seating experience. Passion is suitable for exclusive furniture.: www.asleather.dk

Colour differences may occur on a specific hide and from hide to hide.
Please note that colour and grain on the original product may differ from the shown pictures in the colour gallery.
